Other Information

Vest	Safety vest is constructed from 100% knitted polyester ANSI MESH FABRIC that is straight and true for ventilation. Mesh fabric has 30 ±3 open/holes per square inch. Minimum weight per square yd is 3 oz. Mesh fabric material is fluorescent lime (or orange) in color.
Reflective	Checked reflective is designed for First Responders, but suitable for any user. The thin and flexible garment trim offers superior brightness with a soft hand for increased comfort and the smooth-sealed outer surface provides excellent performance in all weather conditions. Complies with all requirements for retro-reflective trim in accordance with ANSI/ISEA 107-2015; and CSA Z96-2015 for Level 2 photometric performance.
