

# Specification Sheet

<b>Item Number:</b>	O-SSAE18 & O-SLAE18	<b>Case Weight:</b>	Varies
<b>Item Name:</b>	Aluminum Traffic Paddle - Non-Reflective	<b>Sizes Available</b>	18" Octagon
<b>Case Pack:</b>	Varies	<b>Colors Available</b>	Regulatory
Description		Image	
<p>18" x 18" Octagon .040" Aluminum</p> <p>Standard paddle has a 1" x 9" metal handle with a vinyl bike grip.</p> <p>Paddle is sheeted with pressure-sensitive, non-reflective vinyl.</p> <p>Meets Federal MUTCD requirements for School Zones.</p> <p>O-SSAE18 - 18" STOP/STOP - Aluminum/Non-Reflective</p> <p>O-SLAE18 - 18" STOP/SLOW - Aluminum/Non-Reflective</p> 			
Sheeting Information			
<p>Pressure-sensitive vinyl, non-reflective, is applied to each side of these paddles. The STOP is printed with red ink on white sheeting, and the SLOW is printed with black ink on orange sheeting.</p> <p>The sheeting is then applied with a pressure roller to a rigid substrate of .040" aluminum.</p>			
Materials			
<b>Material:</b>	.040" Aluminum	<b>Packaging:</b>	Boxed / Bulk
<b>Color:</b>	Red/White and Black/Orange	<b>Reflective Type:</b>	N/A
<b>Size:</b>	18" x 18" Octagon		
Sizing			
<b>Handle:</b>	Metal Handle w/Grip	<b>Printing:</b>	Regulatory
<b>Hardware:</b>	Description Below		
<b>Handle Grip:</b>	Rubber Grip		
Other Information			
<b>Handles/Staffs:</b>	<p>Handle is constructed of 1" galvanized EMT tubing flattened at one end, punched to accept galvanized bolts and lock-type nuts. Paddle head is fastened to handle with 2 machine screws with nylon nuts in an offset pattern for strength. (These ship unassembled, but with complete paddle, handle, and hardware.)</p> <p>Optional Staffs:</p> <p>O-60PVC - A 1 1/4" x 60" PVC pipe with staff with a bump cap on bottom end. Upper end accepts the tubular paddle handle with grip into the staff. The staff is slotted on 2 sides to prevent the paddle head from turning when installed in the staff.</p> <p>O-72PVC - Same as above, but 72" long.</p>
